**Reference: Invitation and call for abstracts: 21<sup>st</sup> Thai Medical Education Conference (TMEC2022): Job Roles of the 2030 Medical Educators: Imagineering the Education Futurists**

Dear Partnered Institute,

In collaboration between the Consortium of Thai Medical Schools; Faculty of Medicine, Prince of Songkla University; Walailak University; and Princess of Naradhiwas University, will be hosting the "21<sup>st</sup> Thai Medical Education Conference (TMEC2022): Job Roles of the 2030 Medical Educators: Imagineering the Education Futurists" from to January 26 to January 28, 2022 at Phuket Graceland Resort & Spa, Phuket, Thailand.

This Medical Education Conference is organized in response to the rapid change in this Digital Transformation Era, in order to enhance the capability of medical education and produce medical graduate with the highest level of knowledge and skills. The conference builds upon goodwill and collaborative spirit, aiming to create great opportunities for all of medical lecturers, healthcare staff, supporting staff, and medical students to exchange their experiences and share their knowledge and up-to-date researches. Lectures, workshops, oral presentation, and poster presentation are included in this conference.

This conference brings together experts and personnel who play important roles in medical education in Thailand and overseas to bring in light the insight knowledge focusing the trend of medical education for the nation and the world in the upcoming two decades.

It is an honor and privilege to invite you to participate in this conference. I would like to cordially ask for your assistance regarding the conference announcement, as follows:
